

# **Wien: The (Organisation of) African Union 1963-2023 – Achievements and Challenges ahead**

The African Union (AU) commemorates 60 years of existence this year. The Organisation has been hailed as the premier Pan African institution that gives “African Solutions to African Problems.” Whereas it has recorded achievements, it has encountered challenges as well. Professor Pondi—a seasoned expert in African affairs—critically analyses the past, the present and the future of the organisation.
